

Specification Amendment

Please amend the following paragraph of the specification in the manner indicated:

[0035] Referring now to FIG. 2, the method is performed as follows. At step 20, the transmission of dummy data from the user's computer 10 to the remote profile system 11 is indicated. Since the remote profile system 11 must permit users to access and change their own data, for data to be updated by the user, the user of the computer 10 can do this as a matter of right.
